

Bhoja Ram Choudhary

Founder & Chief Architect — AI Brain

📍 Barmer, Rajasthan, India 📞 +91 94611 27967 ✉️ team@aibrainstartup.com 🌐 aibrainstartup.com
🔗 [LinkedIn](#)

PROFESSIONAL SUMMARY

Visionary AI Engineer and startup founder specialising in **persistent AI memory systems**, large-language-model architecture, and scalable cloud infrastructure on Google Cloud Platform. Passionate about bridging bleeding-edge AGI research with production-ready products. Track-record of leading cross-functional teams, securing partnerships, and shipping zero-downtime global platforms.

EXPERIENCE

Founder & Chief Architect

2022 – Present

AI Brain · Barmer, Rajasthan

- ▶ Architected a persistent AI memory platform storing contextual knowledge across sessions.
- ▶ Built full-stack product (HTML/CSS/JS) with 3D WebGL AGI visualisations, deployed on Vercel with CI/CD.
- ▶ Negotiated Google Cloud startup partnership & credits worth \$200 K+.
- ▶ Led 5-member cross-functional team; shipped < 2 s mobile page loads.
- ▶ Designed SEO, performance audit & zero-console-error architecture.

Senior AI Engineer

2019 – 2022

XYZ Innovations · Remote

- ▶ Built large-scale NLP pipelines (TensorFlow, PyTorch) on GCP AI Platform.
- ▶ Delivered conversational AI serving 1 M+ monthly active users.
- ▶ Reduced model inference latency 40 % via quantisation & efficient serving.
- ▶ Authored internal best-practice guides for model versioning & data governance.

KEY PROJECTS

AI Memory Engine — Persistent context-aware memory store for LLMs; core of AI Brain product.

3D AGI Visualisation — WebGL interactive sphere showcasing AI thought processes in real time.

Smart Chatbot Platform — Scalable chatbot handling 2 M+ messages/month with sentiment analysis.

EDUCATION

M.Tech — CS (AI & ML)

2017 – 2019

IIT Delhi

- ▶ Thesis: "Memory-augmented neural networks for continual learning".

B.Tech — Computer Engineering

2013 – 2017

NIT Jodhpur

- ▶ Graduated with distinction · CGPA 8.9 / 10.

TECHNICAL SKILLS

Python JavaScript TypeScript Go Rust
React Next.js Vite FastAPI TensorFlow
PyTorch Google Cloud Vertex AI BigQuery
Kubernetes Docker Terraform PostgreSQL
dbt Figma

AWARDS & RECOGNITION

Google Cloud Startup Grant — \$200 K+ cloud credits (2023).

Conference Speaker — "Memory-augmented LLMs", AI Expo India 2024.

Patent Co-inventor — "Dynamic Contextual Memory for Neural Networks" (IN 2025/456789).
